The Chautauqua

Large Crowds and Boundless Enthusiasm Feature Every Performance.

Tremendous crowds and boundless enthusiasm marked Chautauqua at Bow Island this week. At every performance the house was jammed long before starting. Two "houses" was the order each evening. On Monday afternoon Mayor Robertson welcomed the artists to the city and in a few words introduced Miss Coleman the popular Superintendent of the show, who replied with a pleasing opening speech and on each subsequent occasion, as Mistress of Ceremonies, delighted the audiences with her graceful and witty oratory. The Ladies Festival Orchestra opened the ball and these six Chicago girls had an immense reception. They proved themselves artists of a very high order and a well selected programme of solo and concerted pieces was rendered, in which style, humor and originality were marked.

On Monday afternoon Mr. Walter Stern of California was the speaker. Mr. Stern is a speaker rather than an orator and relies upon a wide, humorous, and practical presentation of his subject matter. He struck the optic nerve of the audience by presenting good sense with a lively appreciation of the comic, buried the house "in the ears" in no time. Nor did he omit to give the Bow Islanders a "jolt" or two. He did not like our advertisement at the depot. Nor did he care for the unity condition of some of our thoroughfares. We ought to live here no camp. He was aware of the immense prosperity of this district, but advised the better spending of money, making a strong plea to the parents to see that the new school lacked nothing in completeness and his advice as to the benefits of a gymnasium and swimming pool will, we hope, be carefully considered, for, after all, it's the young folk who are going to count.

The second afternoon opened with an interesting lecture by Mrs. Letta Blomfield who appeared in Maori costume. Very entertaining was her account of the Maori people and their quaint customs. But perhaps the later part of her address dealing with the legislation and government of New Zealand held the audience chiefly. New Zealand and she pointed out, was an experimental legislative station and was extraordinary up-to-date in these matters. From what we heard it must be an ideal little country. The labor troubles were pretty well solved and the system of free insurance, such that the settler had every advantage, being adequately protected from the too-familiar tricks of the real estate agent. Woman's suffrage was well and was appreciated, while the liquor question was sensibly handled. Altogether New Zealand can teach us much and Mrs. Blomfield gave worth while hearing.

The evening performance given by Mr. Julius Caesar Nayple defied description owing to its brilliant variety, instruction, amusement, and splendid were the leading features. Mr. Nayple in a costume of the Greek nobility, to which he belongs, surrounded by draperies and costly tapestries from the East, proved himself a delightful entertainer. His account of Oriental customs, the matters of marriage, hygiene and religion was most fascinating, while his patriotism and love of those ideals which are our own found a ready sympathy. Amid all his humor and scintillating wit we could not fail also to appreciate his reference to the persecuted Armenians and his hatred of the Turk. Mr. Nayple was well qualified to speak on things Eastern as his father was for eight years ambassador to Turkey. A much appreciated part of his program lay in the fact that some six of Bow Island's young ladies viz., Muriel

Captain H. A. Pearson, of Toronto, Canada, who is to speak here on November 3rd, went to England with the original 1st Canadian Division, in September, 1914, and was sent to France five months in advance of the Canadian troops to establish Y.M.C.A. huts, etc. He was through all the important battles during the first two years of the War and was returned to Canada three months ago as physically unfit, suffering from shell shock and a broken ankle.

After being released by the Canadian Medical Board, Capt. Pearson was given special facilities in order to tell the story of his experience to the Canadian people, and he has appeared in every Canadian city from Halifax to Vancouver.

The story which Capt. Pearson tells is one of encountering the political features of the War, but a plain simple story, without attempt at oratory, of the hardships and difficulties encountered by the Canadian forces in France.

Agar, Adele Stewart, Bertha Kirsch, Tessie Holloman, Frances Rose, Constance Dulmage wearing the becoming costumes of the Orient, assisted him in his tableau.

Mr. Nayple just bubbled over with good things and his entertainment sparkled from the word "Go."

The final session of Chautauqua was shared by Captain W. J. Hindley and the Royal Hawaiian Quartette. Captain Hindley was evidently much impressed by Bow Island's great crowds and the display of the British and American flags which adorned the Hall made him fairly "fizz" with patriotic enthusiasm. With all the art of oratory at command, he made his message, "The Reign of the Common People" go right home to the hearts of the audience. His account of the growth of democratic sentiments and ideals in America, Great Britain, Canada, France and Russia was masterly as it was full of faith and optimism. The war had revealed the true souls of these nations. Even Russia he was convinced would come out strong and free in the end. The United States means business and intended to see that all the nations to stand firm. Party politics, private greed, "land and partition" were to be abandoned and the State. There was no room for neutrals. If a country was good enough to live in it was good enough to fight for. So powerful indeed was the address that several prominent citizens began to look for better things and was observed after the session to sign the pledge—the pledge to support a greater Chautauqua in 1918, and there is no doubt they will be abundantly justified.

The Chautauqua finally closed with the performance of the Royal Hawaiian Quartette which was in this case a Quintette, as a lady player also appeared. No Chautauqua could have been complete without Hawaiian Music. Its haunting melodies have quite captured us. In these native players we had first class exponents of Ukelele and Taropatch and their excellent concert brought to an end a very remarkable Chautauqua. But it took no less than three evening performances to satisfy the vast crowds who came from all parts to Bow Island.

After the War

Land Settlement and Agriculture
With Dr. Stitt

In the post-war period Canada will need as much real production as it can manage. Farming ought to have a bright future. There are two ways of bringing up our output—(1) bring in trained farmers, or to educate our large armies and immigrants in the British colonies which will give us the men required which ought to be turned to agricultural account. To produce the best results we must have conditions and terms is to attract thousands of men who otherwise would be absentees. These cities and towns and when how they could. The great obstacle to land settlement is the lack of good conditions—for farming is a technical trade—not a refuge for the failures of other trades. The first step is the opening of the door to settlement, through training and settling facilities, enough land to be reasonably good for returning and immigrating soldiers.

An Impudent Older

Nominal independence, a powerless and at times half-frightened, gains in his mournful thronery German commercial control, German possession of the Canadian market, German army dominating the country and garrisoning its towns and cities, and when she speaks, as she will, restoring the Canadian Church. Uncle Sam's impudent is the impudent to talk about when she had spoken of it already, to fish and French to consider so hand-some an offer, and to pretend that he needs other than himself. Whoever tries it for coughs or colds, for rheumatism, for rheumatic pains, for pains in the limbs or body, well know that the medicine proves its value. The following extract shows why this Oil is in general use.

Bully for British Columbia

Miller's Worm Powders will drive worms from the system without injury to the child. The powders are very safe and can assimilate the stomach and welcome them as speedy easers of the worms that cause the pain, and thus the suffering of the child is relieved. No child should suffer an hour from worms.

China's Definition
To the real interest in investigating the history of China's historical History has the laugh on Willmott, for the very Chinamen who were responsible for the war, and who at any German have already leaked asking \$70,000,000. They did not want to think that the Chinese would not have prevented their entrance into the war. In China, when things generally goes wrong end to they cherish the idea that "the world over," which does not frightened. And we may add that the definition has met with the approval of the world over—Chicago Tribune.

Interest in Sheep Raising
4,000 Applications for Sheep From Manitoba Farms

The announcement recently made by the minister of agriculture that his department would expand \$125,000 on the purchase of sheep for breeding purposes sold to Manitoba farmers at cost, has already resulted in 4,000 applications for sheep. The department of agriculture has now announced that the cost of the purchase will be \$125,000; but it has been found that in view of the number of applicants, the amount will have to be increased to procure sufficient sheep to supply the demand. The high price which has been paid for sheep has been offset by the low cost at which sheep can be raised in Western Canada, is the reason why the department has asked farmers to take up sheep raising, while those who have already made a start in this line are making every effort to increase the size of their herds.

NO TERMS YET IN SIGHT WHICH WILL LEAD TO ENDURING PEACE

STIRRING ADDRESS DELIVERED BY LLOYD GEORGE

British Prime Minister Says That No One Would Prolong the War Longer than is Necessary to Secure a Lasting Peace, and One That Will Not Lead To a More Devastating War

Eight Hon. David Lloyd George, speaking at a meeting held in London recently, for the purpose of launching a campaign in greater nations, said in part:

"I am not going to predict when the end of the war will come. No man can do that. But I can say that if one hour there were opportunity for real and lasting peace, (Louis applauds) it would be time to make peace. (Louis applauds). It must not be a peace which is a pretence to a new war. It must be a peace which you may imagine, I have been stamping my foot all day, but we do not see any terms in sight which would lead on to an enduring peace. I feel that the German Government, if they could now be impeded, would be tempted to end in an armed truce. I think it would be even more disastrous.

"That is why we are putting on our coat and hat and going right into this conflict now (Cheers). But may I ask the question: Is such a thing possible? Is it possible to reach? I have already told you that in my judgment Germany in my judgment, would make peace now on terms which would be a pretence to a new war in which she has wanted peace. She would profit by her own wicked venture and it would be an incentive to the other members of the empire of the future to repeat the experiment.

"It is strange to me as many German submarines were lost in the first ten months of this year as in all last year.

The British tonnage lost monthly now is not less than three times the total destroyed last April.

Lloyd George was asked if he had any hope for a long war. He added: "The premier said eyes must be kept open for the possibility of peace of the war, which was destruction, distrust and suspicion," he said. "The enemy trying to nail us down. Keep steady and we will win."

The way was shortened, the war, said Mr. Lloyd George, was to be fought for a long war. He added: "The premier said eyes must be kept open for the possibility of peace of the war, which was destruction, distrust and suspicion," he said. "The enemy trying to nail us down. Keep steady and we will win."

"The war spirit continued. It was the war spirit fostered in Prussia. There would be no peace in the world until the German spirit in Potzdam is shattered and its priesthood is dispersed and its creed is destroyed."

The premier said he had hoped the enemy's terrible power would be broken this year, so that the terrible collapse of the Russian military had not proved so disastrous. He said: "The war was on the side of the allies. He said. Time once was neutral but now it is on the side of the allies, namely, the advent of America and the increasing failure of the German army."

The war, said the premier, was terrible in itself, but more terrible in the way it was conducted. The horrors on land and sea and in the air. It must be settled now, once for all, that the war must be renewed after thirty years. More of scientific application it would mean the death of civilization. Hence

COPENHAGEN CHEWING TOBACCO

Simply Place It In The Mouth Between Lower Lip and Gum.

This is the way to get all the flavor and taste out of every pack of Copenhagen Chewing Tobacco.

You see "Copenhagen" is made of the finest tobacco.

The snuff process—by which the leaf tobacco is converted into tiny grains, and all the taste and flavor is retained—is all the good of the tobacco.

Those who are trying "Copenhagen" for the first time, will be surprised to look upon this as our way of advertising the Liberty Loan heavy.

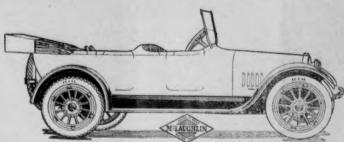

The tobacco is cut to a fine size, so the troops get into action that is our only method of showing that we are giving our best to the cause.

It is no American that will not do his bit in this first step for national defense.

ST. THERESAS' ACADEMY
 MEDICINE HAT, ALBERTA

This well known boarding school, which is conducted by the Sisters of St. Louis will extend its teaching curriculum to embrace all grades up to and including the twelfth.

The new syllabus will go into effect on Monday, third December, 1917.

The Academy in consequence of the ever increasing patronage which it is receiving has increased its teaching staff by four more fully qualified and properly certificated Sisters.

In addition to the usual High School subjects, special attention will be given to instruction in the French language by native French Speakers.

A special class for French will be conducted each Friday afternoon from two o'clock to four.

While the Institution primarily exists for the education of the children entrusted to the charge of the Sisters, day students of any age are welcome to the special courses in French and music.

Address all communications to St. Theressas' Academy, Medicine Hat.

Bow Island School District No. 1883.

Annual Meeting of Electors.

Public notice is hereby given that a Meeting of the Electors of Bow Island School District No. 1883 will be held in the Oddfellows Hall, Bow Island, Alberta, on MONDAY, NOVEMBER 26th, 1917, at 8 a.m., for the purpose of receiving the Auditor's Report of the Finances of the above-mentioned School District, and for the election of Thirty-first day of October, and for the purpose of receiving the reports of the Board of Trustees and the School Trustees.

Dates—Bow Island, Alberta, this twenty sixth of November, A.D. 1917.

W. A. BATEMAN,
 Secretary-Treasurer Bow Island School District No. 1883.

Public Notice.

(At least Five Notices must be posted within the Limits of the District.)
 By the Board of Trustees of the Bow Island No. 1883 of the Province of Alberta.

WHEREAS the Board of Trustees appointed by the Board of Trustees of the Bow Island No. 1883 of the Province of Alberta, that the sum of Sixteen Thousand Dollars is required to be expended on the security of the said District by the Board of Directors repayable to the bearer in Twenty five annual instalments with interest at the rate of nine and one eighth per cent per annum for the sum now payable;—The erection of a school building, the dimensions consisting of four standard size class rooms, and other accommodations for library, etc.

THEREFORE notice is hereby given by the Board of the said District that the amount of money so required by the said District for and against the said purpose is demanded as provided by the Statute of Limitations, the said Board will apply to the Board of Public Works Commissioners for authority to borrow the sum required by debentures.

That all persons interested are hereby notified, and they are required to govern themselves accordingly.

ROBERT H. ROBERTSON,
 Chairman.

Dates—Bow Island, Alberta, this 7th day of November, 1917.

INSTRUCTIONS TO RATEPAYERS.

In rural districts a poll or a debenture loan may be demanded by any four ratepayers if the loan exceeds \$100.00. The purpose of the loan is the purchase of land for the purpose of building a first school house.

In town and village district a poll may be demanded on any debenture loan of twenty and ten ratepayers respectively.

Every demand for a poll should be directed to the chairman of the district or in his absence to the chairman of the board within fifteen days from the date of the demand. A certified copy of the demand should be forwarded to the Board of Alberta at Edmonton.

Have You a Victory Bond?

R. W. Anderson of Burdett purchased a seven-passenger McLaughlin from Wilmot & Henderson this week.

Mrs. Lou Hubert of Cammingay is visiting this week Mr. and Mrs. Burdett.

A masquerade ball will be held at Wilmot on Wednesday, November 28th.

Zion Lutheran Church—Norwegian service on Sunday, November 25th, at one p.m.—N. R. T. Braa, pastor.

G. W. Grant will hold an auction sale of his household furniture on Saturday, December 1st, at one o'clock.

Alex. MacAloney, formerly of Bow Island, was among the wounded in the casualty list published on Tuesday.

For Sale—Five room house and four lots. Will take Victory Bonds in payment. Address—S. G. Jamieson, Bow Island.

The Ladies' Aid of the United Church will hold a sale of plush and fancy articles on Saturday, December 1st. Tea will be served in the afternoon.

Jesse Bakken is having an auction sale at his farm, south-west quarter, 31-8-12, twelve miles south-west of Bowditch, on Thursday, November 29th.

Miss Wright of Wilmot will visit Bow Island every week from Wednesday noon to Thursday evening to give lessons in piano music at Mrs. Dulem's—Advt.

R. S. Beattie took a little joy ride down to Irvine on Wednesday and before the dazed inhabitants had awakened to the fact of his presence he had increased their illuminating power to the extent of four Delco lighting systems.

Mrs. S. Y. Hurst has rented the building on Bell Street recently used as a hospital and has converted it into a very comfortable rooming house. The place has been entirely refurnished and presents now a very cheerful and home-like appearance.

A prairie fire started on Monday night at the site of the brick and tile works west of town, and for a time dangerously threatened the piles of lumber assembled there. The town's fire apparatus was quickly on the spot and with the aid of several loads of men conveyed there in automobiles the danger was averted.

J. R. Agar has been appointed enumerator for the forthcoming Dominion election. Any voter at all concerned regarding his right to vote should make the necessary enquiries at once. It should not be forgotten that the franchise bill recently introduced and passed by the Dominion government provides many alterations, especially so in regard to aliens. The election lists close on December 2nd.

Someone has been putting up in a few conspicuous places south of town posters containing the following writing—

People
 Open Your Eyes
 Don't be For
 Overseas
 Service Fight
 for Liberty
 Say No Yourself.

The writer evidently meant to have added "And buy a Victory Bond"—but the link gave out.

Eight o'clock p.m. is the time set for the annual meeting of the ratepayers in the Oddfellows Hall on Monday evening next, November 26th.

The school meeting follows immediately afterwards at nine o'clock. Every ratepayer should remember that his own personal interests are involved in the work done by the Town Council during the past year, and this meeting affords him the opportunity of hearing in detail the way his money has been spent. If this interest is as keen as some of our street orators would have us believe the hall should be crowded.

Complaints have been received from several parts of the town relative to

certain parties dumping manure into the lanes adjoining their property. Fortunately, the town has a by-law dealing with these offenders and unless the practice is stopped its provisions will have to be enforced. In a master of this kind, however, it should not be necessary to call in the aid of any by-law. A sense of what is right and proper should prevail with us all, and every resident should have some regard not only for the comfort and convenience of his neighbour, but also for the general health of the town.

Operations on the large brick building to be erected by R. S. Beattie on Main Street commenced this week. The work has been placed in the hands of Messrs. Thomas, Jamieson and Mackenzie of Calgary, and it is the intention of these contractors, we understand, to proceed with it as expeditiously as possible.

The Chautauqua has come and gone. From first to last it was undoubtedly a gigantic success. People who years have not visited this town were drawn by the splendid program of those wonderful artists, and Bow Island has received a fine advertisement. The success of the Chautauqua is a good indication of the local committees to again sign up for next year, when it is hoped to have six days set aside for the purpose. It need not be added that the stay of many prominent speakers in our town made pleasant by the courtesy shown them, and the generous hospitality meted out to them by some of our citizens, notably Mr. and Mrs. Jamieson, Mr. and Mrs. Rossiter, was greatly appreciated by them.

POLITICAL MEETING.

A meeting of the electors of the Bow Island district will be held in the Oddfellows Hall, Bow Island, on Friday, Nov. 26th, at 8 a.m., for the purpose of discussing the several issues now before the people.

The meeting will be addressed by W. A. BUCHANAN, M.P., and other speakers.

Ladies are especially invited.

Residents of town and country are earnestly requested to give their attention to this question at issue of paramount importance, and everyone that has an interest in the welfare of the community should support the government candidate to the very best of their ability and the strength of their convictions.

We want a Union Government. Union Candidates, and above and beyond all, a UNION OF THE PEOPLE.

Attend this meeting and show by your support our Union candidate should stand in this time of national crisis.

"GOD SAVE THE KING."

FARMERS' MEETING.

There will be a meeting of farmers of Bow Island on December 1st, at two o'clock p.m., for the consideration of the question of starting a co-operative store.

Mr. George of the United Grain Growers Ltd. will be present to address the meeting.

Secretary Bow Island Local United Grain Growers.

Splendid work is still being reported in connection with the Victory Loan. Up to Thursday night just over \$100,000 had been subscribed in Bow Island district. And still there are many country points to be head from. Our efforts cease, however, this amount has to be doubled, and this can easily be accomplished if the canvassers are given what assistance which they should have. As the lists close on December 1st there is not much time to lose and a determined effort should now be made by the citizens of both town and country to make a final and triumphant finish.

The rest-room, for which the members of the Woman's Institute have been working so long and so zealously is at last an accomplished fact. The building formerly used by the Union Bank has been subscriber to Bow Island district. And still there are many country points to be head from. Our efforts cease, however, this amount has to be doubled, and this can easily be accomplished if the canvassers are given what assistance which they should have. As the lists close on December 1st there is not much time to lose and a determined effort should now be made by the citizens of both town and country to make a final and triumphant finish.

The proposal of the School Trustees to erect a school in Bow Island more in keeping with the size of the town and its requirements is, apparently, not going through without opposition. A petition signed by about sixty persons was received by the secretary of the Board this week demanding that a poll be taken relative to the site and also borrowing the necessary amount of money. As a large number of the petitioners, however, have no interest in the town it is difficult to say whether demand conforms to the general wish of the ratepayers. Of course, the question the petition apparently not very many more than twenty are on the voters' list. The Trustees, however, decided to take a poll and have fixed the date on December 10th, posters regarding which will be circulated this week. It may be added that the determination of the site lies with the provincial government, and as official sanction has already been obtained to this, the poll does not and will not affect this phase of the matter one iota. At the same time if there is a genuine and general disapproval of the location selected by the Trustees the ratepayers can record their feelings by refusing their sanction to float the debentures.

The ratepayers have every right to demand the poll, but the right should be exercised very generally. And in order that this right shall not be monopolized by a minority, and that a fair and impartial verdict of the town be recorded on this matter, we hope the ratepayers as a body will exercise their privilege on polling day as they have determined.

The Officer in charge of Canadian War Records has asked us to make known that it is desired to compile a complete history in photograph of the Canadian's share in the War. In the same way that all other belligerent countries are compiling similar records. It is particularly desired to obtain photographs of all officers, N.C.O.'s and men who have served or are now serving in the Overseas Military Forces of Canada, and it is requested

that an appeal should be made to this end through these columns. In addition it is desired to collect all photographs dealing with the Mobilization, Training and departure of Troops together with their marching, Rehearsals, Speeches, Presentations, etc. All photographs which will be acknowledged should be addressed to the Officer in charge of Canadian War Records, 14 Clifford St., Bond St., London, W.I., England.

H. Sandy was unfortunate enough to lose his pinto horse on Tuesday. The animal ran into a wire fence and received such bad injuries that the owner was compelled to shoot it.
